Dear Marvin,

I was just reviewing my files and realized you have been our caterer for nearly 3 years! We started with you in November 2004 and have been extremely pleased with the food and your personal service.

During our nearly 25 years as a daycare, we have used many caterers. None were as responsive as you have been. Your responsible drivers ensure that the food comes on time every day. And even more important, the quality of your food is excellent. You care about both quality and nutrition. This was especially evident when you eliminated trans-fats from your menu before most people were even aware of this issue. You are always endeavoring to create meals that are healthy, yet popular with children.

Like most centres, we have several children in our care with dietary restrictions and several others with severe allergies to certain foods. You have worked with us to ensure that all the food you send is safe and compatible with our children. This is extremely important to all of us at the daycare and to our families.

Marvin, keep up the good work!

Sincerely,

Donna Spreitzer
Director
