To Whom It May Concern:

I am writing this letter in support of M. ALBERT CATERING LIMITED, formerly M. Halpert Catering LTD. Jackman Community Daycare has been using this catering company since 2004 and we have been extremely pleased. Both the quality of the food and the service are excellent.

Jackman Community Daycare is licensed for 226 children ages 3-12 years. M. Albert Catering provides the Daycare with hot catered lunches as well as snacks every day. Their menus are varied and nutritious and meet the needs of the children. The meals are tasty and very reasonably priced. But more importantly, I never have to worry if the food will arrive on time or if a meal for a child with allergies will be correct. This gives me peace of mind.

The service at M. Albert Catering is second to none. Mani and his team answer the phone and reply to emails quickly. They are responsive to dietary needs and are very helpful when we have questions or need to make changes. Honestly, I cannot recommend them enough. We have been completely satisfied with the overall quality and reliable service. I am very excited to hear that the company is expanding. I have every confidence M. Albert Catering Limited will continue to provide excellent service to its clients.

Sincerely,

Donna Spreitzer, RECE
Executive Director
